

Getting your concealed carry license shouldn't be a hassle.

That's where we come in.

We believe in your 2nd Amendment rights, and we are here to help you step-by-step throughout the process of getting your License to Carry. LTC provides you with Texas legal and other helpful information to make owning and carrying a firearm a safe and responsible privilege.

1. WHAT IF I DON'T KNOW ANYTHING ABOUT HANDGUNS OR HAVE NEVER SHOT?

We encourage you to take Basic Pistol Training first. It's not required, but highly recommended. This will help you become familiar with firearms. However, if you can load a magazine, aim and shoot, you'll probably do fine in the LTC class, but you'll want to sharpen your skills ASAP. (Having your LTC does NOT make you an expert with a firearm!) If you don't own a firearm, DON'T WORRY; you can rent one at the range (\$5.00 each!) to test before making a purchase later.

2. WHERE IS THE CLASS AND HOW LONG IS IT?

The Texas Department of Public Safety requires a minimum of 4 hours, maximum 6 hours of training (not counting breaks, lunch & range time) for a new applicant. The total class time & shooting time will run from 8:00am to about 4:00pm, depending on the length of our lunch break and shooting time. We start out at EMR Safety & Health, Dallas, then head to Lake Highlands Shooting Center for the proficiency (shooting) portion.

3. HOW TO REGISTER

You can register for the class by calling EMR Safety & Health at (972) 235 - 8330

Price (class fee only, range fees if applicable and/or state fees are not included):

\$100

Date:

January 11, 2020

7:30 am – 2:00 pm
